

Protecting God's Children

Internet Crimes Against Children Presentation for All Counties

Paul Marnecheck from the Ohio Internet Crimes Against Children Task Force (ICAC), a division of the Cuyahoga County Prosecutor's Office, will be contacting all schools in Cuyahoga County to provide resources for children for their protection while using the Internet. Information will come through the mail. The presentation is excellent. Some of you may have had Jeff Stutzman's presentation on Internet safety. This presentation, however, is much different and uses real crimes perpetrated on actual children. It discusses the involvement of the child, the perpetrator and how the crimes were resolved. It advises children what to do and how to handle actual solicitations online. *For Cuyahoga County schools, you will need to call Paul Marnecheck to schedule a presentation for children, faculty and staff. The number to call is 1.216.698.2499. Other counties have similar outreach programs on the same topic. The contact information listed below was given to the OCE by Paul and lists the contact person to schedule a similar presentation for schools outside Cuyahoga County.*

Lake: Scott Stranahan in the Sheriffs Office(440) 350-5533

Cuyahoga: Paul Marnecheck-216-698-2499

Geauga: Lt. Scott Niehus in the sheriff's office(440) 286-4031
